Dear Dan:

Words really cannot express the appreciation Mimi and I have for the outstanding job you performed defending Benjamin. As you well know, emotions were flying high because the possible repercussions were almost unthinkable. In the real world not such a big thing, however, it could have had a very negative affect in regard to Benjamin's future.

Thanks for being there when we needed you and I truly feel indebted. You should be very proud of your wonderful family as well as your great talent as an attorney.

Very truly yours,

Robert
