**RE: Search & Seizure Seminar
Public Defenders' Mailing List**

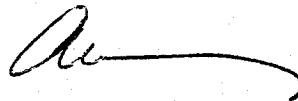

Dear Russell;

I wish to commend you on the great Search & Seizure Seminar recently put on by your training division. As you know, after 15 years of practice, I have attended dozens of CLE seminars. Rarely have I learned anything practical, educational or useful at those seminars. The Search & Seizure Seminar, on the other hand, was all of that plus delightfully entertaining.

Although I learned something at each portion of the presentation, I would be extremely interested in attending an entire training day with speakers such as Dan Raynak and others of his caliber. Dan's talking on topics such as he did with the emphasis on the actual application of some of his legal tactics gives direction and insight to defending our clients. Just knowing that someone has legitimately and successfully "pushed the envelope" on legal issues gives those of us who have not tested the envelope the courage to do so.

I look forward to attending more PD sponsored CLE seminars in the future, please add my name and address to your mailing list.

Most sincerely,

Anne
